Kabini Dam nearing full capacity

30,000 cusecs released; traffic disrupted; residents of low-lying areas asked to move to safety

Mysuru, July 23 (Manju & BCT)- With just 3.1 ft water for Kabini Dam in H.D. Kote to fill to the brim, over 30,000 cusecs of water has been released from the Dam with a warning to residents living downstream asking them to move to safer locations. The decision to release water has been taken as a precautionary measure to ensure the safety of the Dam.

The increase in outflow is due to heavy rains in the upstream areas of the Dam and the catchment area of Kabini, which includes the Wayanad region of Kerala. This noon, the water level was at 2280.90 ft (17.57 tmcft - thousand million cubic feet) as against the full reservoir level at 2,284 feet.

(See KABINI on page 6)

VOICE OF THE READER

Allay speculation about safety of KRS Dam

Sir,

This refers to several news items published in *Star of Mysore* on the issue of the development of cracks in KRS Dam raised by Mandya MP Sumalatha. Despite criticism against her that she is unnecessarily creating a scare about development of cracks, she has stuck to her statement. The Government officials of the Mining Department have been reported to fumble and not been able to answer categorically to the searching questions she has raised.

In fact, whatever be the merits or otherwise of the question on the cracks, many ugly details like unauthorised blasting, authorities being deaf to the complaints by people and the Government failure in not collecting the royalty running into hundreds of crores of rupees have been unearthed.

The news about live gelatin sticks dumped reveals that things are not straight as it seems ***(Live gelatin sticks dumped near Bebi Betta quarry*** — *SOM* dated July 18).

In this connection, I would like to mention that when the Outer Ring Road was being constructed in some stretches, blasting had to be done to excavate in rocky areas. It created cracks in the houses. I inspected the spot and gave a report of my findings on behalf of Mysore Grahakara Parishat (MGP). Then instructions were issued to do control-blasting.

Therefore, unregulated blasting creates seismic-like condition generating ground vibrations and noise that may disturb the foundation. **The work of blasting needs to be strictly supervised.** Before that, it requires detailed investigations by competent authorities using sophisticated instruments to pronounce authoritatively to give opinion to allay fears, for the Dam is already more than 90 years old and is very important to ensure its safety.

Women's Commission awaits Centre's nod to raise girl's marriage age from 18 to 21 years

Shyamala S. Kunder *(second from left),* ***Member, National Commission for Women (NCW), holding a review meeting at DC's Office in city this morning.***

Mysuru, July 23 (RK&SSV)- The National Commission for Women awaits a reply from the Union Government regarding its proposal to increase the age of marriage of girls from the current 18 years to 21 years, said Shyamala S. Kunder, Member, National Commission for Women (NCW). Holding a review meeting at the Office of Deputy Commissioner here this morning, she said the increase in the age of marriage of girls will enable them to complete studies as well as to gain mental maturity. Once the Government of India gives its assent, the same rule should be implemented in letter and spirit, she said.

Check child marriage

Expressing her concern over increase in child marriages, she wanted the Police, Child Development Project Officer and Gram Panchayat officers to keep a vigil in their respective jurisdictions and prevent the same. Impartial inquiry must be held and the guilty punished, she added.

Vaccination drives held at city Colleges

Mysuru, July 23- A total of 250 members consisting of students, teaching and non-teaching fraternity of St. Joseph's First Grade College, Jayalakshmipuram, were vaccinated (Covishield) against COVID-19 at a drive conducted by the Mysore Diocesan Educational Society at Jayalakshmipuram campus recently.

The volunteers from the Red Cross and NCC Wings of the College facilitated smooth conduct of the COVID vaccination drive.

Mysuru, July 23- The Youth Red Cross Unit of MES First Grade College, Udayagiri, Mahadevapura Main Road, Mysuru, conducted COVID-19 Vaccination Camp as per the University of Mysore guidelines for teaching, non-teaching and students of MES First Grade College.

A total of 119 students and staff were administered Covishield on this occasion.

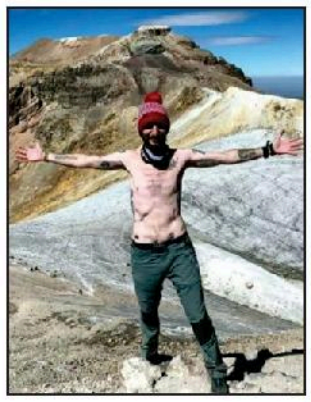
Principal and Secretary of College Youth Red Cross Unit Razia Begum, Nodal Officer Mohammed Irfan and Medical Staff from PHC Rajendranagar, Mysuru, were present.

EDITOR'S BOTTOMLINE

Medal hopes are high from India's Olympic contingent. But even before the first Indian athlete competes, there are several cheery messages from the size and composition of the team itself. At 127 athletes, this is India's largest contingent to the Games. And that India is competing in 18 disciplines also shows definite sporting progress. Small States like Haryana and Punjab again demonstrate their sporting culture, accounting for 40% of the contingent. But that Tamil Nadu (11), Kerala (8), Maharashtra (6) and Manipur (5) are contributing to the Olympic effort shows India's top athletes today are coming from across the country. Equally, if not more, cheery is the fact that many athletes have overcome huge life challenges. There's the inspiring and humbling story of Revathi Veeramani, orphaned at 7, raised by a daily wager grandmother and now a member of India's 4x400m mixed relay team for Tokyo. Assam's pugilist Lovlina Borgohain hails from distant Golaghat district, around 287 km from State capital Dispur. Gymnast Pranati Nayak's father drove a bus to support his family. And these and other women in Team India for Tokyo tell another story: A much-awaited better gender balance in top level sports. In fact, 49% of all countries' athletes in Tokyo are women. We hope India's medal haul is as rich as Team India's diversity. — *In The Times of India*

NEWS SPARKLERS

Runner sans stomach, colon and gallbladder



New York: 36-year-old Juan Dual likes to joke that he is empty inside, but in his case the phrase has a literal meaning. Over the years, he has had his stomach, colon, rectum and gallbladder removed, but he has learned to live without them.

Juan's inspiring story began when he was only 13-years-old when he was diagnosed with a hereditary condition called familial multiple polyposis, which left him with a 99.8% chance of developing cancer of the digestive system. At age 19, right after finishing high-school, Juan underwent a tough operation to have his colon and rectum removed. Sadly, it was only the beginning...

As Juan's situation had worsened, a dangerous bacteria infected his gallbladder so he had to get it removed. Having no stomach has changed the way Juan experiences hunger. He doesn't get that feeling in his gut like the rest of us, because, he no longer has one and the brain does not receive the signal that nutrients are needed. Juan has fixed feeding times in his day-to-day life and he even stops to eat at fixed intervals during a marathon, to make sure he has enough energy to finish.

Bannimantap 'C' Layout Road needs immediate repair

Sir,

The Bannimantap 'C' Layout, 22nd Cross, is full of potholes and people find it very difficult to even walk. Motorists have a nightmare riding on these so-called roads during monsoon season and at nights.

In spite of several requests, the authorities concerned have not taken any action.

I once again request the authorities as well as the area Corporator to get our road repaired before any mishap occurs.

Unhappy with PU results?

File application, take fresh exam next month

Bengaluru, July 23 (SSV)- Are you unhappy with your II PUC results? Then shoot an application before July 30 and be ready to take fresh exams in August.

Primary and Secondary Education Minister S. Suresh Kumar told media here on Wednesday that students who are not happy with their results, may meet their respective College Principals and submit an application seeking cancellation of the already announced results before July 30. For those students, fresh exams will be conducted in August.

The Principals must upload the applications received in Students Achievement Tracking portal before July 30. Besides, the received applications must be submitted to Office of the district Deputy Director before July 31 and the Deputy Directors of the respective districts must ensure that it reaches the Department Head Office before Aug. 2.

On re-payment of PU examination fees, the Minister clarified that there was no plan to refund the exam fees in the wake of cancellation of II PU exams.

Replying to a question, Suresh Kumar said that the Department of Higher Education will make necessary arrangements to increase the number of seats in Degree Colleges following en masse passing of all PU students without holding examination due to COVID pandemic. As there will be heavy rush of students in all Degree Colleges seeking admission this year, discussions have been held with Deputy Chief Minister Dr. C.N. Ashwathnarayan, who is also the Higher Education Minister, who has assured of increasing seats so that all students get admission, he added.

UoM stops M.Phil course

Mysuru, July 23- With hardly any demand from candidates and lack of job opportunities for those having M.Phil qualification, the University of Mysore (UoM) is set to stop the course.

In a circular issued on July 13, the UoM said that no fresh admissions will be made for M. Phil courses in any discipline and the course has been withdrawn as per a UGC decision.

M.Phil was a one-year course after Post-Graduation. Hitherto, those with M.Phil qualification, were exempted from the entrance test for Ph.D admission.

UoM Registrar Prof. R. Shivappa said that from this year there will not be any enrolment for M.Phil courses following UGC direction. He pointed out that with increased importance for Ph.D, the demand for M. Phil started dwindling and there were no takers now. As the eligibility criteria for both M.Phil and Ph.D are the same, students prefer Ph.D which provides scope for research and ensures better career prospects, he added.

Raj Diamonds Jewellery Store opens in city

Mysuru, July 23- Raj Diamonds, a renowned Diamond Jewellery Store of Bengaluru, has now opened in Mysuru. It is a sister concern of Sudarshan and Sons, a Diamond Jewellery Store, on Devaraj Urs Road.

Raj Diamonds has been selling the best of diamonds at wholesale prices as they are the largest manufacturers of diamond jewellery in Southern part of India. They have the finest craftsmen with lot of knowledge in the field of diamonds.

Vijay Kumar, the man behind the show, has been in this trade from the past four decades and is a well-known name in the field of Diamond & Diamond Jewellery. Raj Diamonds specialises in solitaire diamonds with a buy back policy of 100 percent.

Raj Diamonds on Devaraj Urs Road that was opened on July 21 has a large variety of diamond jewellery and is a must-visit as people have the advantage of buying the jewellery with 100 percent buy back policy.

Stamp out rowdyism:

City Top Cop directs Staff

Weekly Parade held at CAR Grounds

- Weekly Parade held after six months due to COVID
- Dog Squad, CAR personnel and Traffic Police participate
- 1,000 Cops take part in Parade held for over 45 minutes

Mysuru, July 23 (RK&SSV)- "Crush rowdyism in your jurisdiction immediately." This was the strong message given by City Police Commissioner Dr. Chandragupta to his staff members this morning.

He was addressing the Weekly Parade at City Armed Reserve (CAR) Grounds at the foot of Chamundi Hill which was held after a long gap due to COVID-19 pandemic.

"Of late, budding anti-social elements are creating nuisance in various Police Station limits. Rowdyism must be crushed. You curb their activities without any mercy. I don't want any illegal activity to take place in your Police Station limits," the City Top Cop issued directions to his personnel without mincing words.

Pats personnel

Dr. Chandragupta complimented the Cops for their role during Corona crisis since March 2020 and said that they exhibited utmost commitment towards their duty without fearing for their lives. Unfortunately, the Department lost some of its colleagues due to COVID.

"The Cops arranged for the distribution of food kits and shelter for the displaced people during lockdown. Their selfless service will be remembered forever," he said.

The citizens have also praised the Police personnel for their active role during the lockdown imposed by both State and Union Governments separately, he added.

Get back to your routine

The Police Commissioner said since the COVID situation was slowly limping back to normal, they must get back to their routine such as prevention and detection of crime, strict enforcement of traffic rules, maintenance of law and order and peace in society.

"Arrange for citizens' meeting in their respective Police Station limits to get feedback from the people that will help in controlling crime," he said. Of late, some small-time anti-social elements are trying to create nuisance in society and such elements must be identified and dealt with an iron hand, he noted.

He also advised Police to intensify day and night beat to prevent crime and work efficiently as their good deeds will bring good name to both Government and the Department. The State Government has announced a lot of welfare schemes for Police personnel and their families, he said and called upon them to give attention to their health and be fit by doing exercise and meditation daily as it will keep them fit both mentally and physically.

Dr. Chandragupta said computer training will be offered to the Police personnel soon to work online. "They must make use of it to hone their skills and must meet their superiors and bring to their notice in case they have any problems," he added.

Deputy Commissioner of Police (Law & Order) Pradeep Gunti, Deputy Commissioner of Police (Crime & Traffic) M.S. Geetha Prasanna, ACPs Poornachandra Tejaswi, Shashidhar and M. Shivashankar, all Police Inspectors, Sub-Inspectors and others participated in the parade. In all, over 1,000 Police personnel took part in today's parade.

Footpath encroachment clearance drive

44 cases registered, 58 notices served, Rs. 5,900 fine collected

Mysuru, July 23 (KS)- Continuing their drive against footpath encroachers, Mysuru City Traffic Police, who conducted the drive on July 20 and 22, have registered a total of 44 cases and have collected spot fines from the offenders.

The footpath clearance drives were held on Devaraj Urs Road, Old Santhepet Road, Chamaraja Double Road,Akbar Road, Ashoka Road, Male Mahadeshwara Road, Bannur Road, Hinkal, Gokulam and Hebbal Main Roads by Devaraja, Siddarthanagar, Krishnaraja and V.V. Puram Traffic Police.

During the clearance drives, the Police have registered a total of 30 cases under Karnataka Police Act, 14 cases under Motor Vehicle Act besides serving 58 notices and collecting Rs. 5,900 spot fines from the offenders.

Deputy Commissioner of Police (Crime and Traffic) M.S. Geetha Prasanna and ACP (Traffic) S.E. Gangadhar guided Inspectors and staff of all Traffic Police Stations in the footpath clearance drive.

City Police Commissioner Dr. Chandragupta said that such footpath clearance drives will continue and legal action will be initiated against those encroaching footpaths in city.

Appointment of Pourakarmikas

'Remove educational qualification clause'

Mysuru, July 23- Karnataka State Adidravida Maadiga Horata Samithi has urged the Government to drop educational qualification clause in the appointment of Pourakarmikas in Civic Bodies across the State.

Addressing a press meet recently, Samithi President D.R. Raju termed the Government's move to stipulate SSLC or equivalent qualification for appointment of Pourakarmikas on the lines of recruitment of Gram Swaraj staff, as unscientific and illogical. Urging the Government to regularise the services of 6,580 Pourakarmikas serving in GPs across the State, Raju said that reservation matrix for the appointment too is unscientific.

Citing an example, he said that the MCC had invited applications for appointment of 173 Pourakarmikas in 2017-18, reserving some posts for ex-servicemen and other categories. But only 70 posts were filled up, while there were hardly any applications for other category reserved posts and as such, 103 posts remained unfilled, he maintained.

Accusing the Government of showing a step-motherly attitude towards Pourakarmikas, he urged the authorities to maintain the policy of one Pourakarmika for every 1,000 citizens.

Urging the Government to drop unscientific ways of appointment and deployment of Pourakarmikas, Raju warned of stopping work if the services of Pourakarmikas are not regularised.

Samithi office-bearers M. Mahadev, Dinesh Kumar, Manchaiah and others were present.

Body of man found

Mysuru, July 23 (RK&DM)- The body of a 35-year-old man was found at the bush-covered cellar of an old incomplete building along the road leading from Old RMC Yard Circle on New Sayyaji Rao Road to Tilaknagar yesterday morning.

The deceased has been identified as Kumar (35), son of Mahadevappa and a resident of Tilaknagar.

Police said that Kumar may have died two days ago and the actual reason for his death is yet to be ascertained.

Mandi Police have registered a case in this regard and are investigating.

Obituary

G. Chandrashekar

Mysuru, July 23- G. Chandrashekar (82), retired employee of South Western Railway, Mysuru Division and a resident of HUDCO Layout in Bannimantap, passed away this morning in city.

He leaves behind one son, daughter-in-law, two daughters, sons-in-law, grandchildren and a host of relatives and friends. Last rites were held at Jodi Thenginamara Burial Grounds in Bannimantap today.

Sister Petrina

Sister Petrina (93) from Avila Convent passed away yesterday night in city.

Funeral Mass was held at Divya Krupa in Nagunahalli this morning.

H.M. Shankar

H.M. Shankar (63), retired KPTCL Engineer and a resident of Jayalakshmipuram, passed away yesterday evening in city.

He leaves behind two daughters and a host of relatives and friends.

Last rites were performed at Chirashanthidhama in Gokulam this afternoon.

K.V. Ramachandra Shetty

K.V. Ramachandra Shetty (87), Retired KSRTC Inspector and a resident of Gokulam 2nd Stage, passed away on July 21 in city.

He leaves behind two sons, two daughters and a host of relatives and friends.

Last rites were performed at Chirashanthidhama in Gokulam on the same day, according to family sources.

Child-friendly

Ward set up at Cheluvamba Hospital

Mysuru, July 23 (MK&DM) - Adding one more facility to the city's child healthcare, a Child-friendly (Makkala Snehi) Ward has been set up at Cheluvamba Hospital in K.R. Hospital premises, Mysuru.

The newly-established Ward was inaugurated by MMC&RI Dean and Director Dr. C.P. Nanjaraj on Thursday.

Speaking on the occasion, he said the Child-friendly Ward will provide a home-like atmosphere for ailing children and added that the Ward has multiple benefits for children.

DHO Dr. K.H. Prasad, Cheluvamba Hospital RMO Dr. Rajendra Kumar, Paediatrician Dr. Savitha, Sudha Rudrappa, Shiny and others were present.

Former Mayor lauds MUDA for Kabini drinking water project

B.L. Bhyrappa

Mysuru, July 23 (RKB&DM)- Lauding MUDA for coming up with a project for bringing Kabini water to MUDA-formed or approved Private Layouts in South Western parts of Mysuru such as Vijayanagar Fourth Stage and R.T. Nagar, former Mayor B.L. Bhyrappa said that the drinking water project should also cover other surrounding areas and Ashraya Layout.

Addressing a press meet here yesterday, Bhyrappa said that areas such as Kuppalur, Gorur, Gejjagalli, Ashraya Layout, Ramabainagar, Mahadevanagar and surroundings are not getting water from Kabini river.

Claiming that these areas are getting water from polluted Dalvoy Lake and Borewells around sewage farm, he urged the MUDA to bring Kabini water to these areas too.

Noting that at present Rs.30 crore has been set aside for Kabini drinking water project which is estimated to cost Rs.90 crore, the former Mayor wanted MUDA to take up the works under its own revenue funds, which stands at Rs.200 crore.

Chikka Manchaiah, a leader from Kuppalur, was present at the press meet.

Chamundi Hill temple shut for devotees on public holidays too

Mysuru, July 23- Following a Government direction in the wake of COVID-19 crisis, Deputy Commissioner Dr. Bagadi Gautham has ordered a ban on devotees visiting Chamundi Hill temple, Chamundi Hill and Jwala Tripura Sundariamma temple at Uttanahalli in the taluk on *Amavasya Day* (New Moon Day), Fridays, Chamundi Vardhanti Day, all Saturdays and Sundays and public holidays coming in the Ashada month, as a precautionary and safety measure.

In a press release, Chamundi Hill Temple Executive Officer (EO) said that despite the ban, it has become a common sight to see devotees making attempts to visit the Hill temple somehow and returning disappointed after being denied entry.

Pointing out that the customary pujas and rituals will be performed in the temple, the EO said that the entry of devotees through the hill steps too has been disallowed during the banned days of Ashada month. Also, there will be no Dasoha or Prasada distribution atop the Hill, which the devotees should take note of.

Barring the vehicles of Government servants and other dignitaries on protocol duty, all other public and private vehicles have been banned from entering the Hill, the release said.

Devotees continue to make attempts to visit Hill temple

Despite the ban order, devotees from different parts of the city and other places were seen making attempts to visit the Hill temple either by foot or through vehicles on the second Ashada Friday today. But a strong Police presence thwarted their attempts by blocking the road with the erection of barricades at the start of the road leading to the Hill temple. As such, the devotees had to return disappointed.

The same was the case with Hill temple footsteps too, with devotees trying to climb the Hill through narrow and irregular foot routes along the steps. But they were stopped at the entry of the steps itself by a large posse of Policemen who were deployed at the spot for taking all measures to thwart any such attempts. Some devotees were seen worshipping the idol of Goddess Chamundeshwari at the entry of steps and returning thereafter.

Last year too, the entry to Chamundi Hill temple was banned for devotees after the deadly COVID-19 pandemic broke out in March 2020.

Pandemic shadow on second Ashada Friday

Mysuru, July 23 (PM&DM)- The COVID-19 crisis continued to cast its shadow on the second Ashada Friday too, with the District Administration banning entry of devotees either by road or through steps to Chamundi Hill.

In normal times, devotees from the city and across the State, used to throng the temple throughout the day in thousands on Ashada Fridays to offer special prayers to the presiding deity Goddess Chamundeshwari. But since last year, the District Administration has banned entry of devotees as a safety measure.

However, customary and traditional rituals were performed to the deity, with the performance of *Mahanyasapoorvaka Rudra-bhisheka* as early as 4 am, by a team of priests led by Chief Priest Dr. N. Shashishekar Dikshit. This was followed by other till 7.05 am. The idol of Goddess Chamundeshwari was decorated with Parvathi Alankara. Rituals were performed in the temple with only local Hill residents allowed to take part by adhering to COVID appropriate behaviour. The temple was shut at 9 am.

It will be opened again at 7.30 pm for customary rituals associated with Ashada Friday and shut for the day after the rituals at 8.15 pm.

Chamundeshwari MLA G.T. Devegowda, K.R. MLA S.A. Ramdas and Bengaluru's Pulakeshinagar MLA Akhanda Srinivasmurthy, who are allowed as per protocol, had *darshan* of the Goddess today.

Kabini Dam nearing full capacity

(Continued from page 1)

While 25,000 cusecs of water is being released from the four crest gates of the Dam, 5,000 cusecs is being released from Subhash Kabini Power Project, said Kabini Dam Executive Engineer Janardhan. Today at noon there was an inflow of 25,267 cusecs and it will only increase as it is raining cats and dogs in Kerala and also in Kodagu Brahmagiri Hill ranges that contribute to the inflow to Kabini.

As 30,000 cusecs of water is being released, the Soolekatte Bridge in front of the Dam is submerged and traffic movement from Hand Post to Begur via Bidarahalli, Theranimanti, Nanjanathapura, Kandegaala, Mosarahalla, Basapura, Kalasur, Kenchanahalli, Moorbandh, Bheemanakolli, N. Begur, Jakkalli, Beeramballi and Gandethoor has been disrupted. Meanwhile, the Karnataka State Natural Disaster Monitoring Centre (KSNDMC) has issued a forecast for widespread moderate to heavy rains in Kodagu and Idukki, Malappuram, Kozhikode, Wayanad, Kannur and Kasaragod in Kerala.

More water would be released in the coming days if the downpour continues, said Dam officials. As such, River Kapila will be in full spate causing floods in the areas around the famous Srikanteshwaraswamy Temple in Nanjangud, Lord Parashurama Temple, Snana Ghatta (bathing point for devotees) and like Hadinaru Kaalu Mantapa, Sopana Katte and Mudikatte.

Villagers around the Kabini Dam told *Star of Mysore* that whenever water is released from Kabini, they face flooding problems. As the bridge downstream is submerged, links with several villages have been cut off. They alleged that since years they have been demanding the construction of a new bridge but the Government has not responded.

Tokyo Olympics 2020 live from 4.30 pm

India at serial number 21 in march-past as per Japanese alphabet

New Delhi, July 23 (Agencies)- The rescheduled 2020 Summer Games will kick start today with a grand opening ceremony at the National Stadium in Tokyo amid the shadow of COVID-19 pandemic. The live telecast of the opening ceremony will begin at 4.30 pm IST (8 pm Japanese local time).

However, archers Deepika Kumari, Atanu Das, Tarundeep Rai and Pravin Jadhav will be in action on the inaugural day of 32nd Summer Olympic Games as the individual ranking rounds for men and women begin in Tokyo before the opening ceremony.

Archers, shooters, boxers and hockey squad among others from the Indian contingent will not be attending the opening ceremony with the exception of Mary Kom and Manpreet Singh.

Around 50 people will attend from the Indian side in view of the COVID-19 concerns in the Japanese capital. India is at serial number 21 in the march past. The sequence of march past is as per the Japanese alphabet and only six officials can participate from each participating nation.

Doordarshan and Sony Sports Network will telecast the opening ceremony live from 4.30 pm IST. Sony Ten 2 HD/SD will broadcast the live feed on cable network while DD Sports and DD National will live telecast the marquee events opening ceremony on Doordarshan's D2H network.

TOKYO 2020

Live streaming will be available on Sony LIV app and website.

Archery's ranking rounds timings

Deepika finished the rankings round at ninth position. Deepika's performance will help her to avoid the Koreans in the early rounds for the individual competition. World Number 1 Deepika Kumari will now compete against Bhutan's Karma in Round 32 of Elimination Rounds, starting 27th July. The men's individual ranking round will begin at 9.30 am IST. The draws will be decided on the basis of performance in the ranking round. Tarundeep Rai, Pravin Jadhav and Atanu Das would compete in the men's team event. The combination of their points would determine their draw in the next round. Atanu Das will also pair with his wife Deepika Kumari in the mixed team's event.

Women's Commission Member

(Continued from page 1)

Awareness must be created by putting a board near the educational institutions and other public places, NCW Member Shyamala noted and brought to the notice of the meeting the sale of drugs near Schools and Colleges. She wanted the Police to check this menace. To this, DCP (Crime & Traffic) M.S. Geetha Prasanna said the complaint boxes are kept in educational institutions to collect information about nefarious activities. Based on inputs from students, the Police were taking action.

NCW Member also stressed on imparting self-defense training for women and children and wanted Police Department to take necessary action in this regard.

Toilets for women

When she spoke about the need for toilets in public places for women, Deputy Commissioner Dr. Bagadi Gautham said steps have been taken to provide it in crowded places. The District Administration was not giving permission for any housing project sans toilets. This has been mandatory even for the Government's Ashraya Housing scheme, he said.

Asking the District Administration to provide facilities to 'Sakhi' centres in rural areas, she instructed officers to put up information on rights of women, Government facilities and helpline numbers. Free legal aid was given to women by the Government and that must be told to women and children in rural areas. The Mysuru's 'Sakhi' Centre was working in a rented building due to non-completion of permanent building. This work must be completed on war-footing, she added. Shyamala said there were complaints regarding bad treatment of migrant workers by contractors and companies. Labour Department must be strictly instructed to attend on such complaints and ensure facilities for such labourers.

Superintendent of Police R. Chethan, Deputy Director of Women and Child Welfare K. Padma and others attended.

Green Office: Brindavan Gardens their workspace

Far from being mundane, couple's profession is exciting, adventurous

Mysuru, July 23 (RK&AK)- There are a lot of upsides to Working From Home (WFH) — that too in gardens — as the weather and wind lure one to work amidst lush green surroundings instead of keying-in words on a computer in cramped spaces within the confines of homes and amidst household noises.

COVID has forced professionals to replace commuting with communing with nature and this couple from Bengaluru has made the most of WFH. Their way of working: Carry laptops, go on a trip and work at tourist spots, amidst nature. This way, they make their work exciting, adventurous and also enthusiastic, far from being mundane.

In a way, their work is away from home or office. Meet Moazzam Hussain and Shiba Fathima, techies working for different IT companies in Bengaluru. They are enjoying WFH at Brindavan Gardens at Krishna Raja Sagar (KRS) Dam in Mandya.

The couple hires a cab every morning from their hotel in Mysuru city to Brindavan Gardens where they make themselves comfortable on the stone benches with the massive Dam in the background, open their laptops, connect to mobile internet hotspots and start working. This has become a routine for Hussain and Fathima since last week.

"Working amidst greenery and beautiful landscapes keeps the mind fresh and calm. Also, the environment at the Garden is pleasant and the Dam's beauty is a feast for the eyes. I got this idea from a colleague who had posted a picture on social media of him working from Sardar Sarovar Dam in Gujarat," said Moazzam Hussain.

"This working style has also relieved me from the migraine problem which used to bother me after work hours. The beautiful garden and greenery around has made us enjoy our work," he added.

Shiba Fathima said that she too is enjoying her work at Brindavan Gardens. "It is difficult to work from home sitting within the confines of four walls as it doesn't make you cheerful. Working from a place like this gives a different experience," she added. After completing their work, they hire a cab from KRS back to their hotel.

While Hussain hails from Bihar, Fathima is a native of Uttar Pradesh. Both are working for the IT sector in Bengaluru. They are planning to visit a new destination next week.

Tourist footfall up

Meanwhile, there has been an increase in tourists visiting KRS Dam and Brindavan Gardens post lockdown, especially techies working in IT sectors. Many techies are seen working online from Brindavan Gardens.

Speaking to *Star of Mysore*, Cauvery Neeravari Nigam Chief Engineer Shankaregowda said, "It's a good sign for Mysuru as tourists visiting the city have increased after lockdown. Usually, tourists from neighbouring States Kerala and Tamil Nadu visit more in numbers. But due to the pandemic, tourists from other States are rarely seen at KRS and Brindavan Gardens. But people from across the State are visiting in large numbers. This is an indication that tourism is slowly picking up."

The entry fee for KRS is Rs. 50 per head for adults and Rs. 10 for children (3 to 6 years). Brindavan Gardens is open for tourists and visitors from 8 am to 8 pm (Monday to Friday) and 8 am to 9 pm on Saturdays and Sundays.

120 students write CLAT-2021 examination for first time in city

Mysuru, July 23 (RK&SSV)- As many as 120 students from six districts of Mysuru Division are writing the **Common Law Admission Test (CLAT) - 2021** to seek admission into Under-Graduate and Post-Graduate courses offered by Consortium of National Law Universities, at Maharaja's College in city.

The examination was held between 2 pm and 4 pm. This is for the first time that the entrance examination is being held in Mysuru, which otherwise would have been held in Bengaluru. But, due to COVID-19 pandemic, the entrance examination was held in Mysuru for the students of Mysuru, Mandya, Hassan, Kodagu, Chamarajanagar and Chikkamagalur districts.

COVID precautionary steps such as screening of body temperature and oxygen level of each candidate were done at the examination centre at least 30 minutes before the commencement of the examination. Safety precautions such as compulsory wearing of face mask and maintaining of social distance were in place. Five rooms were selected for this examination.

A girl student with a fractured leg is also writing the exam. She reached the examination centre in an ambulance from where she entered the examination hall in a wheelchair.

CLAT is a National-level entrance exam for admissions to UG and PG law programmes offered by 22 National Law Universities around the country.

365-day activities at Dasara Expo Grounds

Master plan-making process set in motion

Mysuru July 23 (MTY&BCT)- The 80-acre Mysuru Dasara Exhibition Grounds, which remains lifeless for eight months in a year except during the Dasara season, is set to host activities round-the-year.

A Rs. 100 crore master plan is being readied and the project has picked up pace with the visit of architects and officials from Tourism Department, Bengaluru to the Grounds yesterday where a drone survey of the entire area was taken up.

Karnataka Exhibition Authority (KEA), headquartered in Mysuru that manages the Grounds, has grand plans to give traction to the local economy and revive the demand for entertainment, textiles and crafts.

Coinciding with this, plans are already underway in Bengaluru to create a 'Hi-tech Haat' here which depicts the art, culture, folklore and tourism aspects. The 'Hi-tech Haat' is proposed to facilitate the organisation of 'India Expo 2023' in Mysuru.

Curtailed budget

Earlier, a Rs. 135 crore project was announced to make the Grounds a year-round activity hub but on the direction from the Government, the budget was curtailed to Rs. 100 crore. Development will be initiated in three phases and accordingly, the blueprint is being prepared and a related drone survey was conducted.

"Besides year-long activities, it is also proposed to make entertainment a permanent feature by inviting global tenders for long-lease set ups. The exhibition will be an exclusive area for cultural and thematic exhibitions, presently held elsewhere in the city. The mega project will get the Government approval soon," said KEA Chairman Hemanth Kumar Gowda.

The blueprint and the master plan will be prepared by New Delhi-based Mahendra Raj Consultants and the firm's architect Mita Jain was part of the drone survey yesterday.

"As of now, the Ground is limited to hold Dasara events, leaving it unused for a good part of the rest of the year. Several attempts were made in the past to hold exhibitions, conventions and amusement activities there on all 365 days of the year. Unfortunately, the plans did not materialise though a budget of Rs. 135 crore was finalised. Now we have a budget of Rs. 100 crore," the KEA Chairman said.

Infrastructure development

Some of the projects that will be taken up for the round-the-year activities include permanent sheds for art, handicraft and Government outlets, handicrafts produced by local artisans, separate hall to market a broad range of Indian exquisite handicrafts, a shelter to the spectator gallery of the 'Kusti Akhada', converting the storm water drain right at the middle of the Grounds into a duct-shape outlet, exclusive food court, upgrading of the existing gardens and also provide tourist information kiosks.

Another major infrastructure planned here is an underpass from Mysuru Zoo to the Exhibition Grounds. This will facilitate the joint entry and exits of the tourists on both sides, Hemanth Kumar Gowda said.

Tourism Department Chief Executive Engineer Krishnamurthy, KEA Chief Executive Officer B.R. Girish, Assistant Executive Engineer Yadav Giri, Engineer Prakash and others were present.

Rotary Central donates

face masks, sanitisers to journalists

Mysuru, July 23 (RKB&KS)- Rotary Central Mysore has donated face masks and sanitisers to journalists in city. About 700 masks and 500 sanitiser bottles were handed over to Mysuru District Journalists Association (MDJA) to be distributed among journalists yesterday.

Speaking on the occasion, District Governor of Rotary International (RI) District 3181 Rtn. A.R. Ravindra Bhat said that journalists have been working by risking their lives during the pandemic and keeping this in mind, face masks and sanitiser bottles have been given to them. There are plans to provide digital thermometers to them in future, he added.

Continuing, Rtn. Ravindra Bhat said that Rotary Clubs in the country have spent Rs. 380 crore during COVID pandemic and added that with the aim to eradicate polio, the first polio drops drive was held 36 years ago which has been successful and in the same manner, Rotary would strive for the eradication of COVID-19.

MDJA President S.T. Ravikumar, who also spoke said that one should not depend for everything from the Government and only if organisations join hand, solution to problems is possible and thanked Rotary Central Mysore for the noble gesture.

Rotary Central Mysore President Rtn. Anil Padaki, Secretary Rtn. S. Vijayendra, Assistant Governor Rtn. S.R. Swamy, Rtn. Jayaprakash, MDJA General Secretary M. Subramanya and others were present.

'Release Dasara Gold Cards early to boost tourism'

Mysuru, July 23 (BCT)- The Karnataka Tourism Society (KTS) has urged Deputy Commissioner Dr. Bagadi Gautham to take steps to release Dasara Gold Cards well ahead of this year's Dasara festivities. This would facilitate tourism promotion and would help the tour and travel operators who were till now affected by COVID-19.

MYSURU DASARA
CELEBRATION SINCE 1610 AD

Usually there is a delay in the issuance of the much sought-after Dasara Gold Cards and annually, it affects the tour operators and hoteliers. The Dasara authorities start issuing Gold Cards, a premium pass providing hassle-free entry to all tourist destinations, just a week or two to three days before the celebrations. Tourism stakeholders, however, say that if the Gold Cards are issued late, the business opportunity would be lost.

Chairman of the KTS Dasara Committee B.S. Prashanth, who submitted a memorandum in this regard to the DC at his office yesterday, said that early release of Dasara Gold Cards instead of launching them at the last minute would help tourism promotion as many tourists make bookings in advance.

Seeking 1,000 Gold Cards to KTS for tourism promotion, Prashanth noted that they have already started getting Dasara enquiries where tourists are interested in packages like Gold Cards where they can gain easy access to Jumboo Savari and Torchlight Parade.

Mysuru receives lakhs of tourists during the ten-day festivities, including from overseas. Majority of them are from neighbouring Kerala and Tamil Nadu. This year, however, there will be fewer tourists owing to COVID. Online promotion with information about events, tourist spots and hotels, is essential to draw tourists and early issue of Gold Cards would facilitate this, he added.

Serial thefts: APMC to be a secure zone

Mysuru, July 23 (RK&BCT)- In the wake of a series of serial thefts at the APMC Yard in Bandipalya, the Police and the merchants have come together to make it a secure zone. The Yard is susceptible to thefts and has often been the target of burglars. Though there is a Police Outpost here, this has not deterred the burglars.

A meeting was conducted by the office-bearers of the Merchants Association recently at the APMC Hall and the Police — after the latest serial theft incident at the APMC Yard on July 7 — where it was decided to beef up security with the active involvement of Mysore South Police.

Mysore South Police Inspector Shashikumar assured the merchants that night beat would be increased along with extended surveillance timings. He asked the merchants to install CCTV cameras in the entire vicinity and night vision cameras would help in tracing the burglars.

Apart from store premises, CCTV cameras must also be installed at A and B Blocks and the streets that lead to these blocks. The Inspector suggested the merchants to come up with their own security measures like ensuring the closure of gates except the entry and exit gates.

Even the main gates must be open from 6 am to 8 pm to facilitate the entry of farmers with their produce and also goods that arrive from various destinations. Security guards from private agencies must be appointed to ensure round-the-clock security with special thrust on security after dark, the Police Inspector suggested.

This apart, all the entries and exits of vehicles must be recorded. A siren system must be implemented where there will be hourly sirens in the night and apart from the Police beat outside, the APMC security guards too must survey the premises during the night, he suggested.

To prevent accidents at the main gate, scientific road humps must be installed at the entry and exit gates. The traders were advised not to keep cash at the shops while locking them at the end of the day. Also, quality locks must be put to the rolling shutters and care must be taken not to give a chance to the burglars either to break the lock or pry open the shutters.

Police protection would be provided to the merchants in case they have to transport huge cash either to banks or to their homes at night and prior information must be provided to the Police in case security is required, Shashikumar assured.

APMC Secretary Siddaraju, Mohan, office-bearers of APMC Merchants Association and others were present at the meeting.

MLA Ramdas distributes grocery kits to construction workers

Mysuru, July 23 (RKB&SSV)- Krishnaraja MLA S.A. Ramdas distributed grocery kits to registered building and other construction workers.

The kits, donated by various associations and organisations in city, were distributed at a function held at Builders' Association of India (BAI) premises in Vishweshwaranagar under the aegis of Karnataka State Building and Other Construction Workers Welfare Board, Department of Labour, Mysuru District Legal Services Authority, BAI, Confederation of Real Estate Developers Associations of India (CREDAI) and Mysuru Builders Charitable Trust (MBCT), here on Tuesday.

Speaking on the occasion, Ramdas said that the construction workers in his Constituency were jobless during the COVID lockdown. The State Government had announced a special package of Rs. 5,000 for those workers during the first wave of COVID-19 and Rs. 3,000 in the current second wave. Now, those employees were given grocery kit. Prime Minister Narendra Modi has announced free ration for the poor till November this year, he added.

Ramdas said there are plans to allot Ashraya Houses for homeless construction workers in his Constituency as well as to extend facilities given by the State Government. Corporator Shanthamma Vadivelu, Labour Department Officer Rajesh Jadhav, MBCT Managing Trustee T.N. Hemanth, BAI Mysuru Centre President K. Ajit Narayan and CREDAI President Muralidhar were present during the occasion.

WORD OF THE DAY

Capricious

Pronunciation: kuh-PRISH-us.
Meaning: Governed or characterised by caprice : impulsive, unpredictable.
Origin: The adjective capricious and its close relation, the noun caprice (a synonym of whim), both derive via French from the Italian capriccio, which originally referred not to a sudden desire but to a sudden shudder of fear. Capriccio, in turn, likely derives from the Italian capo, meaning "head," and riccio, the word for "hedgehog." The implication was that someone who shuddered in fear was said to have a "hedgehog head," meaning that the person's hair stood on end like the spines of a hedgehog.
Example: "Like all great children's writers [Jacqueline] Wilson and [E.] Nesbit understood how strange and capricious children could be...." — Guy Lodge, Variety, 4 Apr. 2020.

THE ODD WORD

Cadge

To beg or sponge from another.

PHRASE OF THE DAY

Jump on the bandwagon

Meaning: To join in a popular activity.
Origin: The origin of the idiom 'jump on the bandwagon' is an interesting one. In nineteenth century America, a 'bandwagon' was a horse-drawn wagon with a platform for a group of musicians (a band) that often preceded a circus parade. The phrase was first seen in 1848, when a famous clown named Dan Rice would use his circus bandwagon to transport politicians around town while the music attracted the public to an area where campaign speeches were being given.
Example: "So many people are trying to quit smoking that I might as well jump on the bandwagon and quit as well."

QUOTE BOX

I have learned over the years that when one's mind is made up, this diminishes fear. **—Rosa Parks**

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

D.B. Kuppe PHC staff, ASHA workers get solar lamps

Mysuru, July 23 (MTY&SSV)- Moved by a report in *Star of Mysore* on the plight of ASHA workers and health volunteers who are trying to protect the health of tribals in D.B. Kuppe range of Nagarahole Tiger Reserve, two senior citizens from Bengaluru have distributed the solar lamps with mobile chargers for them.

On June 24, *SOM* had published a report titled *'Healthcare workers brave wildlife to save tribals from virus'*. The report had highlighted how a team from D.B. Kuppe Primary Health Centre (PHC) comprising three health volunteers, four ASHA workers and one Anganwadi worker was on a mission to save people from COVID-19 by trekking several kilometres covering 11 haadis (tribal hamlets) and 13 villages on the forest border in Nagarahole National Park. This has reduced the fear of Coronavirus in villages.

Seeing this story, Shanmugam Kuppeswamy, an alumni of IIT Madras and Solarcell Consultant, and a resident of HSR Layout, and Dhananjaya Kollur, a former employee of IIT Kharagpur, who is also a software consultant and a resident of Koramangala in Bengaluru, donated solar lamps with mobile charges for the PHC staff as well as to ASHA workers and the staff nurses. A demonstration on the operation of solar lamps was also given to them.

Music-lovers may watch the concert on: https://www.youtube.com/channel/UC5duKEUSvk8XXBra6T-WQnSA Sri ThyagarajaSangeetha Sabha Charitable Trust.

Chamarajanagar Hospital oxygen tragedy

Help comes calling from Kiccha Sudeep Trust

Chamarajanagar, July 23 (KS)- Kiccha Sudeep Charitable Trust has come to the aid of families who have lost their loved ones in Chamarajanagar District Hospital due to lack of oxygen in the first week of May 2021.

Trust President Ramesh Kitty, who visited the house of deceased Siddanayaka at Bisalawadi village, provided groceries. Ramesh said that the Trust had conducted a survey of 24 affected families and would educate children. Jyothi, the wife of Siddanayaka, said that her husband's name was not included in the list of those dead due to the oxygen tragedy despite many requests. The Trust members later visited Bandigere, Chandakavadi, Nagavalli, Jyothigowdanapura villages and distributed groceries. Trust State President Shivaraj, Organising Secretary Siddaraju Palya, Somanayaka, Parashivamurthy, Manoj Vajra, Chandru, Shivakumar, Venkatesh, Madhuchandra, Harish, Nagesh and others were present.
